

mwvm

rotations remixed

“mwvm is content to express himself in sound, and fine sound at that.... too interesting for brain-dead chilling.... too clinical for stoner drift.... ideal for open-minded listeners....”

~ unpeeled.co.uk

Silber Record's released **mwvm's** debut album *rotations* in the fall of 2007 & now we are pleased to give you a collection of remixes & reworkings from some close friends. The remixes include a shimmering mass of complex jarring textures by the mighty **Astral Social Club**, pulsing layers of precision amplitude modulation from **Sonicslice**, & **Zac Keiller** doing an alt-country cover version of “context. where?”

Track Listing:

1. rotations remix by Astral Social Club (www.myspace.com/astral_social_club)
2. celestial motion remix by Sonicslice (www.sonicslice.org)
3. negative pole remix by Scott Solter (www.scottsolter.com)
4. windows remix by Moral Crayfish (www.moralcrayfish.blogspot.com)
5. context. where? cover by Zac Keiller (www.myspace.com/zackeiller)
6. celestial motion horizontal remix by Echosonic (www.last.fm/music/echosonic)
