

FROM OCEANS TO AUTUMN

PARETO ANALYSIS VOLUME I: A LESSON ON TIME

Post Metal with mega influences from Shoegaze. I'm getting more and more into this the more I hear it. ~ Veins Dried Out

From Oceans To Autumn return to Silber to face the five songs in five minutes EP challenge with their metal & shoegaze infused brand of post rock.

Formed in 2006 in Charlotte, NC From Oceans To Autumn have built a name for themselves with two albums & a number of splits & EPs released including four releases in 2012 alone.

Pareto Analysis Vol I: A Lesson On Time is the first of a four EP series with volume one creating one cohesive piece over five minutes. Post rock, sludge, drone rock, post hardcore, experimental rock, post metal, doomgazer, space doom, or just listen for five minutes to see if you can figure out a better description for them than their own, From Oceans To Autumn.
