

Can Can Heads

King Dong Kong

Formed in Finland in 1993, Can Can Heads make music that fuses post jazz skronk with punk, no wave, & art rock. Fans of Sun Ra, Rllrbll, Albert Ayler, Minor Threat, & Nation of Ulysses can all find something of interest from Can Can Heads. We're super pleased to introduce all you Silber fans to them over the course of this five minute EP that leaves you wanting more or to just leave it on loop for an hour.
