

So a couple years ago now there was a little fad going around amongst the noise communities of people posting photos of cheerleaders holding signs that said “MAKE SOME NOISE”. It was cute. It was funny. It was clever. When I tried to find a video of it to post on Bryce Eiman’s wall on Facebook, I ended up finding this weird one of a couple middle school girls cheering for a team called The Devils. I don’t know why I thought I should make a compilation about people reacting to it. It might have been my weirdest idea since I put together a Mother’s Day compilation. But it exists! Drone ambient, electro clash, darkwave, noise, & prog - all reactions to a middle school cheer!
