

It was only natural that Joe Badon would make his Terra Kaiju comic. A story of love, sacrifice, & revenge inspired by the giant monster & samurai movies that Joe grew up on. Silber is pleased to be part of his story with the soundtrack for his baby, Kaiju Temple.

What would the fitting sounds be for giant monsters? For us, clearly experimental noise. Varying from drone to caustic, aggressive to soothing, familiar to unworldly, the sounds simultaneously reflect the individual visions of the contributors & the larger vision of Terra Kaiju. Read the comic, listen to the soundtrack, & be completely immersed in a world of giant monsters, desperation, & hope.
