

M is We is a project led by Michael Wood (Something About Vampires And Sluts, The Wet Teens) since 2004. Starting as an experimental solo project it morphed into a full band in Myrtle Beach fusing elements of indie pop & new wave. However, after relocating to Carrboro, NC Wood found himself solo again & recreating the project on his own.

On this self-titled EP, *M is We*, the music is lo-fi electro-clash. Influenced by post punk, new wave, & darkwave as well as experimental music, the songs have maintained pop sensibilities while remaining raw & immediate. The reverb drenched & distorted vocals are anthems of isolation & escape, of fires & rebirth. Sing along, feel the heat, & find something to burn.
