

HEAVEN FALLS HARD THE MERCY-GO-ROUND

In the 1990s with my long hair dyed jet black I was transitioning my musical tastes from metal & punk to art rock & goth. I'll always have a soft spot for the minimalist melancholia of the darkwave of the era, bands like Heaven Falls Hard. Heaven Falls Hard follows the unfortunate story of so many southern darkwavers, garnering attention in Europe while stuck in a city where they have to drive for hours to find like-minded souls. But maybe this isolation is what helps make the music true & honest, the need to find a way to communicate to people who don't know you exist. It's not nostalgia, it's darkwave eternal.
