

# YELLOW6

## IN CIRCLES / MERRY6MAS2015

*in circles / merry6mas2015* is #17 in an ongoing annual series documenting the work of Yellow6. Written & recorded during 2015, some of this music came about during rehearsals for Yellow6's 2 live shows of the year, some didn't make the final cut of this year's album *No Memories, Only Photographs*, & others were written as time became short & more material was needed for a solid year end retrospective.

All are, as ever, presented here lacking some of the final polish some may expect, but this is the polish that, in reality, no Yellow6 release has ever had. Because Yellow6 recordings are part improvised there will always be the odd note or the click of an effect pedal, but these are the things that make it more human.

Aside from a couple of drum loops, each song was recorded as a single multi-track take. There are a few overdubs of bass, piano, & drum beats; but that's all. As this is mostly loop based music, there is usually a starting loop as the foundation on which the other layers are built & at some point this loop will disappear & be replaced by another.

Another Christmas, another documentation of the ambient post rock progression of Yellow6.
