

# Yellow6

merry6mas2016

For those not in the know, for eighteen years now Yellow6 has been putting out an annual Christmas series collecting unreleased & rare recordings from over the year that haven't been on other releases. It's always a treat as you get to hear sides of Yellow6 that might not fit so neatly on an album release. This year we have some pieces more sparse & minimal than you often think of Yellow6 being, closer to the sound track of an american desert than a cavern drenched with echo. It's so easy to get lost in place & space & time with this collection, is it 1916 or 2016? Does it matter? Drone on!
