

Okay so these are the photos I took for the potential cover art for Remora: Scars Bring Hope. Let me know what onese you like & don't like (page, row, column).

Let me know which of the four potential layouts for the cover you prefer

- (a) one large image
- (b) a bunch of images film strip style
- (c) one image with a huge solid color border
- (d) one large image with a band at the top & bottom (letterscreen style)
